Dear Commissioner Fitzgerald:

Please accept this letter of support for OmniCare Health Plan's rehabilitation continuance. OmniCare health Plan has made many remarkable achievements in the healthcare industry since 1974. Over the years, OmniCare has been one of the major managed care leaders in the industry and has built solid partnerships with its members, providers, and community.

We realize the past few years have been challenging to them. However, we are confident OmniCare will be successful in their turnaround efforts to once again become a major contributor to the healthcare industry. It is imperative to the Detroit and Southeastern Michigan community at-large that this well-respected health plan be allowed to continue its rehabilitation efforts.

We support and believe in OmniCare's viability, and look forward to their continued presence in the healthcare community.

Sincerely,

Dear Mr. Fitzgerald:

I am writing this letter to express my support for OmniCare Health Plan and its efforts to seek approval of its rehabilitation plan. In the last five months, the Plan's capacity to meet established standards, financial stability, operational, medical and quality metrics have improved significantly. The following examples highlight some of the important changes and successful outcomes the Plan has achieved.

- Their IT capacity has been expanded allowing them to capture and report on key data. Since August 2001, they have submitted over 2.0 million records to the State of Michigan Department of Community Health.
- They have improved claims processing, standardized payment schedules to the provider community, completed several modifications to their computer system, added additional programming staff, and implemented improvements to their communications.
- Claims are being turned around faster and more efficiently than in the past.
- Staffing in the Medical Management Department has quadrupled.
- They have negotiated an arrangement with a third party for expanded access to medical professionals after hours.
- Customer Care staffing has been expanded to improve performance and service levels.

- More effective management of costs and improvements to operational efficiencies has resulted in a projected surplus in the 2002 budget of approximately 2% of total revenue.

These are but a few examples that demonstrate OmniCare's viability and continued commitment to deliver quality health care in the City of Detroit and southeastern Michigan. Because of these efforts I feel that there can be little doubt that their rehabilitation plan should be approved.

Dear Commissioner Fitzgerald:

I would like to submit these thoughts in support of OmniCare Health Plan. It is devastating that an organization such as OmniCare Health Plan, which has been a major health care provider in the community for many years, has had to succumb to the financial pressures facing the health care industry today.

I have always been impressed with OmniCare's reputation and presence in the community and feel that it would be a great loss to Wayne County and Southeastern Michigan if it were not allowed to continue the turnaround efforts, which are being diligently pursued.

I am in full support of OmniCare and would appreciate it if you would provide this organization with the opportunity to continue to do what they do best and that is serve the community as a vital contributor to the health of us all.

Sincerely,

Dear Commissioner Fitzgerald:

I write this letter in support of OmniCare Health Plan's rehabilitation plan. In the last five months, OmniCare's capacity to meet established standards, financial stability, operational, medical, and quality metrics have improved significantly. Expansion of IT capacity, faster client turnaround, increased staffing in the Medical Management Department, arrangements for expanded access to medical professionals after hours, expanded Customer Care staffing, and improvements in coordination of benefits and compliance activities have resulted in significant improvements in OmniCare's quality measures.

OmniCare Health Plan has been serving the citizens of metro Detroit since December, 1973, and currently serves 89,679 members in Wayne, Macomb, Oakland, Monroe, and Washtenaw counties. Its provider network contains 2,200 primary care and specialty physicians, over 350 primary care locations, specialists in over 850 locations, 42 hospitals, 10 urgent care centers, 175 vision care centers and over 900 local area pharmacies.

Approval of OmniCare's rehabilitation plan will enable it to continue to deliver high-quality health care to the City of Detroit and southeastern Michigan.

Thank you for your consideration of this letter. Please feel free to contact me if you should have any questions.

I am writing in support of Omni Health Care Plan's ("the Plan") rehabilitation plan. I have had the opportunity to review information related to the Plan's important accomplishments and significant operational changes during its turnaround period. These changes and accomplishments have enhanced the Plan's financial stability, operational efficiencies, and medical and quality metrics.

As a long established, critical provider of quality medical services to significant populations in Southeast Michigan, its request for approval of its rehabilitation plan should be granted.

Dear Ms. Vasconcellos:

Thank you so much for your donation of \$1,000.00 to the families of the victims of the September 11 disaster. Your gift is especially meaningful in light of the difficult situation you have been dealing with at your organization, and you should be proud of yourselves for the generosity of spirit your contribution demonstrates.

As you may know, our efforts to support the victims of this disaster will be ongoing for some time. The American Red Cross has provided essential services so far to over 3,000 families affected by the attacks in New York, Washington, D.C. and Pennsylvania. In addition, we have opened 36,000 cases to help others impacted by the tragedy, and are providing mental health support to 200,000 people. It is expected that we will be at those sites for more than five years, and without the support of people like you, we could not continue our vital mission of providing essential services to the victims and their families.

So again, on behalf of the Red Cross and all those who will benefit from your kindness and generosity, thank you very much.

Dear Commissioner Fitzgerald:

We are writing this letter to you in support for Omnicare Health Plan's rehabilitation journey. In spite of the many trials and tribulations, Omnicare Health Plan has worked very and made tremendous strides to overcome the obstacles created by their financial challenges.

We are all very aware of the many changes that have affected the Healthcare Industry and we are very aware of the challenges placed before Omnicare and its staff and members. We are very confident that Omnicare will be successful in their turnaround efforts.

As a former Operating Trustee for the Bankruptcy Court and a Turnaround Consultant, I am aware that the law states that a company in "under the protection of the bankruptcy laws" and seeking rest from its struggle. This is not intended to be a form of punitive reprisal and a tool to seek short-term relief.

In furtherance of these statements, we are requesting that Omnicare be allowed to continue to function as a major contributor to the healthcare industry and that your office would allow them to continue in their rehabilitation efforts. Omnicare has our support and our prayers and we pray for your understanding.

I am writing you this letter in support of OmniCare Health Plan's rehabilitation continuance efforts. The Michigan Barber School, Inc. has utilized OmniCare Health Plan as its primary health care provider for its employees since 1992. In every instance when my employees or I have had to utilize OmniCare for our healthcare needs, ranging from childbirth, surgery and the filling of prescriptions, OmniCare has facilitated prompt and efficient service.

In spite of the challenging years OmniCare has had to endure, (not unlike many other health care providers today), the personnel at the Michigan Barber School, Inc. feel confident that OmniCare Health Plan will continue to be their plan of choice.

We wish OmniCare the best and look forward to the completion of their successful turnaround.

Dear Sir,

I have been a Primary Care Physician with Manage Care for over 25 years. I have participated during good times and bad times. However, within the last months I have noticed great improvement in the medical services provided by the new administration of Omnicare Health Plans.

We have daily discussions regarding the management of medical insurance companies in our Doctor's Lounge at Sinai-Grace Hospital. A year ago the majority of the discussions were negative, which pertained to the management of Omnicare. Nowadays, most Physicians, both Primary Care and Specialist, are commenting on the increased efficiency and responsiveness of the plan.

I am encouraged about the positive turn-around made by Omnicare Health Plans and look forward to a very productive and continued participation in the future.

Sincerely,

Anthony F. Harris, M.D.

RE: Plan Rehabilitation Process

Dear Mr. Bobby Jones & MS. Beverly Allen Deputy Rehabilitators

I understand that on July 31 2001, the Court issued a rehabilitation order for OmniCare Health Plan and assigned you Mr. Jones and also MS. Allen as the Rehabilitors. I am please very please that you two will Act on the behalf of my self, thousands of members and of omnivore Health Plan. O that you and MS. Allen will position OmniCare for the future. I understand MR. Frank M. Fitzgerald is in charge to make Sue that the continuation of service will be provided to the many members including my self. I am please.

I am a dedicated member and a well-trusted member.

How will the Commissioner of financial and insurance services Mr. Frank M Fitzgerald and also you Mr. Jones alone with Ms. Allen, act and work towards preserving Omnicare Health Plan as a health resource?

How long do you estimate that the Plan rehabilitation process will last?

What are some or were the major reasons OmniCare were seized by state regulators and battling cash flow problems at the time?

Is OmniCare battling cash flow problems as of this date if so why, and what will be the steps to improve the cash flow problems?

Exactly what is or what will be the detailed plan that will make for a promising future for the health plan that MR. Frank M Fitzgerald of OFIS {Office of Financial and Insurance service} And Mr. Bobby Jones and Ms. Beverly Allen with both of your extensive financial and managed care background, and as being Deputy Rehabilitors.

I am fully informed that

OmniCare is a health plan that has been in existence for almost 30 years. I Derrick Fuller. Has been a dedicated member for over half of those years. While it has had am extensive history in Michigan. I want to be part of the effort of its continuation. And also would appreciate it to the up most that the people who is making the effort for its continuation would include me in on the detailed plan. All its planed efforts for the continuation of the promising and rewarding future for OmniCare, for and me and all of its 100,000 plus members it serve on a daily basis.

Thank you for your continued support and corrective action plan.

For many years Omni Care Health Plan was one of the major managed care leaders and was prided on being sensitive to the needs of its providers and members.

I realize the past few years have been a challenge for them, however, I am confident that they will be successful in their turnaround efforts and once again become a major contributor to the health care industry.

I look forward to a long, continued partnership with Omni Care Health Plan.

Sincerely,

Henry Tomashevski, D.O.

Dear Commissioner Fitzgerald:

Please accept this letter of support for OmniCare health Plan's rehabilitation continuation. OmniCare Health Plan has had remarkable accomplishments regarding its community outreach and support since 1974. OmniCare has been an industry leader and has built solid partnerships with its members, providers, employer groups and community.

OmniCare has also been a strong supporter for Metro Detroit Youth Day since 1991. Metro Detroit Youth Day is an annual event celebrating it's 20th anniversary. This event provides great recreational, educational, and community participation opportunities for over 20,000 southeast Michigan youth. OmniCare has been generous with its financial, staffing and health education outreach support of this event. We look forward to continuing this important partnership.

Dear Commissioner Fitzgerald:

Please accept this letter of support for OmniCare Health Plan's rehabilitation continuance. This organization has been a staunch supporter of grassroots programs like ours. The Detroit community relies on their patronage, technical assistance and advocacy to enhance our capacity to effectively serve our youth.

OmniCare has made some remarkable improvements under your rehabilitation program in a short time period. The community that is served by this organization is broader than its health care enrollees. Please continue this important work.

Dear Commissioner Fitzgerald:

OmniCare Health Plan is an important business option for the small and medium sized employer groups to whom I market. OmniCare's comprehensive benefit program and fair market pricing strategy have helped these employers offer sound health care benefits to their employees. As an active broker agent in Southeast Michigan for the past 17 years, I am aware of the health care trends that impact business decisions. I have continued to promote OmniCare to my valued customers, because it is a good business decision for them.

I look forward to continuing to do business with the re-organized OmniCare organization.

Dear Commissioner Fitzgerald:

We are writing this letter to you in support for Omnicare Health Plan's rehabilitation journey. In spite of the many trials and tribulations, Omnicare Health Plan has worked very and made tremendous strides to overcome the obstacles created by their financial challenges.

We are all very aware of the many changes that have affected the Healthcare Industry and we are very aware of the challenges placed before Omnicare and its staff and members. We are very confident that Omnicare will be successful in their turnaround efforts.

As a former Operating Trustee for the Bankruptcy Court and a Turnaround Consultant, I am aware that the law states that a company in "under the protection of the bankruptcy laws" and seeking rest from its struggle. This is not intended to be a form of punitive reprisal and a tool to seek short-term relief.

In furtherance of these statements, we are requesting that Omnicare be allowed to continue to function as a major contributor to the healthcare industry and that your office would allow them to continue in their rehabilitation efforts. Omnicare has our support and our prayers and we pray for your understanding.

Sincerely,

Rev. Oscar W. King, III, D. Min.
Executive Director
